## Membership Application

The Eurobodalla Natural History Society (ENHS) was formed in 1986 by a group of people with an interest in nature. It encourages the study, enjoyment and conservation of the natural environment and holds field meetings twice a month in the local area. Some members collect records of wildlife in the Eurobodalla and these are published in a newsletter. Each year, a summary of these observations is published *Nature in Eurobodalla*, which documents the occurrence and distribution of birds, mammals, insects and other wildlife.

The aims of the ENHS are to:

1. Foster and encourage the study, enjoyment and conservation of the natural environment of the area;
2. Arrange indoor meetings and field excursions for these ends;
3. Encourage and train members in the keeping of records of the wildlife of the area;
4. Prepare reports of these records from time to time;
5. Liaise with other societies, organizations and individuals with similar interests.
